

Woodland Walk by Julia Smith (oil on canvas)

The woods of the Chilterns provide many artists with inspiration right in their backyard! Julia Smith says; "From an early age a passion for nature and outdoor life has been greatly influential to my artwork. Being a local resident, the beautiful countryside of the Chilterns has been the inspiration behind most of my recent landscape paintings, particularly Fennels Wood which is practically on my doorstep and where I walk my dog daily. The thick canopy of trees, which form beautiful arches along the pathways, inspired 'Woodland Walk'. The sunlight creeps in reflecting a burst of colour from the leaves."
