We care for the Chilterns

The Chilterns
CONSERVATION BOARD

The Chilterns

an Area of Outstanding Natural Beauty

The expert panel of judges will take into consideration the advice given in the *Chilterns Buildings Design Guide*, in particular:

- **The way the building relates to the landscape and surrounding buildings**
- **How the building uses its site**
- **The use of suitable materials**

Buildings eligible for consideration include:

- **Housing**
- **Public buildings**
- **Industrial/commercial/farm buildings**
- **Conversions and extensions of existing buildings**
- **Engineering structures, e.g. bridges**

Awards will be given for excellent designs. Details of previous winners are available from the Chilterns Conservation Board. (see over)

The **Design Awards** are organised by the Chilterns Conservation Board and the Chiltern Society to encourage better building design and thus conserve the character and outstanding natural beauty of the Chiltern Hills. Entries must relate to buildings within the Chilterns and should be received by **1st March**.

The Awards Ceremony will be held in **June** when the overall winners will be presented with a plaque. Entries of high merit will be presented with certificates of commendation.

TERMS OF ENTRY

- 1 Entries or nominations are invited from members of the public, from clients, designers, contractors and local authorities.
- 2 The scheme should have been completed in the course of the previous three years.
- 3 The entries must reach the award organisers by **1st March**, and the awards will be presented in **June** at a special awards ceremony.
- 4 Conversions/extensions should include 'before and after' photographs if possible.
- 5 Inclusion of site plans, drawings and photographs (A4 size) will help the judges to understand the design. A short list for judges' visits will be prepared on the basis of the information given.
- 6 Please obtain permission from the owners and occupiers of the buildings for the judges to visit if required, and for the use of photographs.
