

The Chiltern Woodlands Project brings you -

# Ancient trees - our living heritage

The Special Trees and Woods Annual Conference

**10am-2pm, 25<sup>th</sup> November 2006**

Buckinghamshire Chilterns University College, High Wycombe

**Guest speaker Ted Green and project volunteers will share their experiences and report on special trees and woods of the Chilterns**

Ted Green has fought for greater awareness and protection of ancient trees, transforming our perception of them from useless, dangerous rotting hulks to historical and biological treasures in the British landscape.

Ted is a colourful and charismatic speaker with a passion for ancient trees making his presentation unmissable for anyone interested in Special Trees and Woods of the Chilterns.

**Early booking is essential for this free event**
