Family Trail
Be careful when crossing the roads.
Before people had running water in their homes, they would collect water from the pump.

Can you read the date that the pump was installed?

Find the plaque round the corner. What are the old names for Amersham?

What do you think this means?

Why is it placed above a small jail cell?

Drake's Almshouse

Almshouses were created to provide homes for people with little or no money. This almshouse was built by Amersham's Lord of the Manor, the Drake family.

Can you read the sign above the doorway? (Please stay outside the gates.)

How many widows was it built for?

Wee Oaks

Wee Oaks is one the smallest houses on the High Street.

The house is over 400 years old. Can you identify some of the materials it is made from?

Maltings

A Maltings is a place where grain is stored, soaked in water and dried. In Amersham the grain was used to make a popular drink, sold in the pubs.

Can you guess what it is?

The home of a famous author

A very famous children's author lived here before moving to Great Missenden.

Can you guess who it was?

Clue: He wrote about witches, giants, foxes and a GIANT peach!

There are many pubs along the high street, where people stayed overnight to break up a longer journey. Amersham is a day's ride from London so the horses would need to rest at the pub, or inn, before going further.

Have a look at the sign.

What does it show?

Archway

There are lots of high archways along the High Street. They were built before cars and buses were invented.

What form of historic transport needed so much space?

How many archways can you spot on your walk?

1. Horse-drawn carriages
2. 1782
3. Old names for Amersham: Agmodesham & Elmodesham
4. Don't do anything naughty! It is warning you to behave. Otherwise you might end up in the jail!
5. A royal coat of arms, used by Tudor monarchs
6. Six widows
7. Wooden beams, dry bricks and roof tiles, glass windows
8. Beet - Broad Dill
